WOOD MATTERS

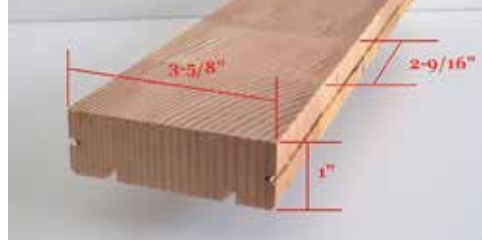

Salvaged Wood Assembled
Into Unique End Grain Strips

Sustainable Custom Wood Flooring

APPEARANCE: Here is a warm natural material with a unique texture. Every block is different. The end grain character and variety combine to present a smooth, non repeating texture. Age improves WORTHWOOD. Foot traffic polishes to a soft patina.

COMFORT: The 1" to 2½" block thickness offers the full resilience of wood. Less fatigue. More employee comfort and efficiency. Excellent for shopping centers and high traffic areas. More resilience than thin parquet.
